FIS SKI JUMPING WORLD CUP FINALS

# WHERE DREAMS COME TRUE

VIP EXPERIENCE

**WHERE A  
UNIQUE  
STORY AND  
TRADITION  
CONVERGE.**

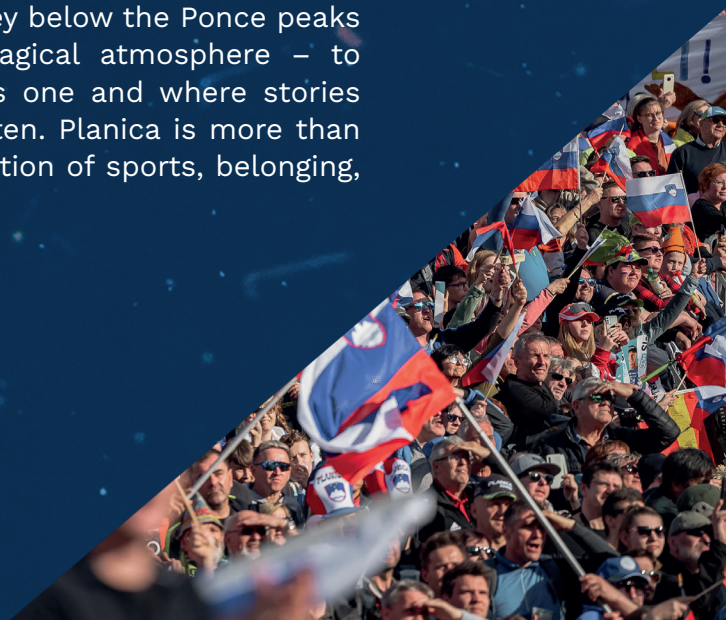

# WHERE LIMITS ARE PUSHED. WHERE RECORDS ARE SET.

Planica is more than a sports venue - it is a symbol of Slovenian tradition, the pride of our history and the heart of global Nordic sports which has attracted spectators from all over the world for decades. Each event in Planica is not just a competition, but a celebration where people from the business world, politics, culture and sports meet and create unforgettable friendships and connections. This unique opportunity to mingle and network in the embrace of nature, on the edge of the Triglav National Park and with top-notch infrastructure provides an invaluable experience for all who want to be part of this global sports festival.

In 2025, Domen Prevc set a new ski flying world record with a flight of 254.5 meters and became the first Slovenian to achieve the longest flight on a home flying hill - a moment that once again inscribed Planica among legends. In March 2026, the Gorišek Brothers' flying hill will host a women's World Cup competition for the first time. The world's best female ski jumpers will finally experience the Gorišek Brothers' Ski Flying Hill themselves, a venue they have so far only admired from the sidelines.

This will be a moment of courage, equality and a new chapter in the history of ski jumping. Every step through the picturesque valley below the Ponce peaks leads you closer to the magical atmosphere - to where thousands breathe as one and where stories of remarkable feats are written. Planica is more than a competition. It is a celebration of sports, belonging, and pride.
