PLANICA2027

FIS FINALE SVETOVNEGA POKALA V SMUČARSKIH SKOKIH
FIS SKI JUMPING WORLD CUP FINALS

VIP EXPERIENCE 18–21 MARCH 2027

Where dreams come true.

Where history is made.

The moment a ski jumper leaves the take-off table of the Gorišek Brothers' Ski Flying Hill, the valley beneath the Ponce mountains holds its breath. In just a few seconds of flight, courage, anticipation and the emotions of thousands of fans come together.

For generations, Planica has been the stage for unforgettable sporting moments. A place of records and tradition, where the passion of the crowd brings people together and every extraordinary achievement becomes part of a shared history.

In 2025, Domen Prevc brought the ski flying world record back to Planica with a remarkable flight of 254.5 metres. One year later, Nika Prevc set the women's world record at 242.5 metres. Planica became home to both world records, marking two extraordinary milestones in ski flying history.

In March 2027, the valley beneath the Ponce mountains will once again welcome the world's best male and female ski jumpers for the FIS Ski Jumping World Cup Finals. An opportunity to experience world-class sport up close and become part of the next chapter in Planica's story.

In Planica, it's not just the flights that are unforgettable. It's also the people you share the experience with.

Days to remember.

Spectacular flights, the energy of the crowd and moments shared with those around you.
